

## URL courtes

Le site [url.ca/](http://url.ca/) a été fermé courant 2018. Sachant que cela pouvait arriver, le fichier des correspondances entre URL courtes et URL d'origine complètes avait été établi au fur et à mesure, chapitre par chapitre. Les voici listées ci-dessous en général dans l'ordre de leur introduction dans le livre.

Cependant, un « processus d'évaporation » de l'archivage sur le web, notamment des organismes onusiens (UNSCEAR, OMS, OCHA, AIEA) est à l'œuvre qui rend impossible sinon extrêmement complexe (il faut explorer les archives du web, sans garantie de succès), d'autant plus qu'il est nécessaire de connaître les intitulés des séries dans lesquelles elles étaient classées... Des liens complémentaires enrichissent le corpus historique.

Pour pallier ce risque, la quasi totalité des documents référencés ont été téléchargés et sont communicables à la demande.
